

My Journal

I am a Taiwanese American female. My family immigrated to Houston, Texas from Taipei, Taiwan in 1992. My journal is about the struggles to find myself. I felt lost for most of my 20s and some parts in my 30s. I had no idea who I wanted to be or where my place was in the world. I had an existential crisis pretty much throughout life...until now. How did I do it you ask? I wouldn't know how to tell you in a conversation. It's one of those things where you just have to be there to know. I would like to share my story with you, no censors. I am going to tell you about my quest for identity, purpose and of course career and love. If anyone anywhere can find some sort of lesson or guidance from it, then it would have served its purpose. If nothing else I hope you will find it entertaining. Please....turn the page and join me in my world of risky decisions, mischief and mistakes...The names in my journal have been altered for privacy purposes but all of the events and places mentioned remain factual. This book contains adult content.
