

The Comprehensive Dramatised Bible

The Comprehensive Dramatised Bible is a dynamic, fresh and inspiring way to present the word of God. Using the actual narrative text primarily from the easy-to-read Good News Bible, The Comprehensive Dramatised Bible allows the Bible to speak for itself and makes the dramatisation of passages and reading aloud very easy. Church groups, schools and religious education programmes can now access the Bible in a vivid and lively way, making the positive participation of religious study truly interactive. Through this approach the Scriptures are brought to life in a contemporary and effective way to provide greater access and enjoyment of the Bibles message.
