

## Secrets in the Shadows (Family Secrets Book 1)

Being the most sought after psychiatrist in the United States can be trying at times, to say the least. Dr. Kinley Bernard works and lives in a world where secrets are everything. However, when the secrets of her own past begin to emerge, she soon learns the life she thought she knew is not as it seems. The decision to move and start a new practice in Chicago, the city she always loved, seemed like the best thing to do since the incessant jabbering of rich, bored house wives were starting to take a toll. Someone decided otherwise. What does a world-renowned psychiatrist do when someone is playing with her life? She finds them and exposes a truth she could never imagine. With a new company, a new love, and now mysterious and disturbing messages, Kinley must now try to figure out what really happened in her past and who is responsible for it all. What she finds out will change the way she thinks about family, love, and life.
