

## Warm November

Just out of the closet, Hayley Daniels is excited to start exploring lesbian life in San Francisco. It has its ups and downs, but the one thing she can depend on is the support of her housemate, Merle Craig. Merle is trying to recover from a broken heart and Hayley is a breath of fresh air, but neither of them is prepared for their attraction to each other. When Hayley falls in love with Merle, she hesitates because she wants to be a free spirit. Merle isn't ready to dive into a relationship, especially with a brand new lesbian. Can they overcome their misgivings and find true love?
