

## Burn For Home (Part Two): Firelight

It was supposed to be a romantic getaway. Or so they thought. Now the pair whove traveled the stars struggle to make it out of the wild alive. Finally reunited back on Earth, Theresa and Andrew burn for a romantic reconnection away from screens, spaceships, and all distractions. But these lovers, raised in the stars, find out the wilderness is a much more unpredictable and dangerous place than postcards and virtual feeds led them to believe. Combining romance, science fiction, and erotica with a dash of adventure, Firelight is the second story in the Burn For Home series. Burn for Home Part 1: Starlight and Part 3: Moonlight are both available online.

Kirkus Reviews praise for the Burn for Home series: Creative sci-fi tales that paint a picture of two people very much in love. In addition to these illustrations of their emotional love, Andrew and Theresa are shown to have quite the physical spark, as well, and plenty of erotic scenes complement their romance. In this way, Elko effectively renders the amorous aspect of the storykeeping it realistic yet sexy, and avoiding cheesy description.
