

## Wellingtons Heirs (The Heirs Book 2)

Lady Liliane Beauchant is a celebrated beauty and betrothed to the heir of a powerful duke, but when her father is caught in the bed of the dukes wife her betrothal contract is voided and she is forced to leave her beloved Paris. Now, she will have to travel to England and the border of Wales to marry a British barbarian. Humiliated and angry, she swears to never love the English knight but her resolve is tested with their very first meeting. Eric Sevrern, second son of the Earl of Trenton, fought in the Holy Lands for eight long and torturous years. When he returned to England he swore to enjoy the frivolous life of a knight bent on traveling about the countryside fighting in tourneys and sampling the charms of every available beauty. He is devastated when he reaches his home at Wellington Castle to find his older brother on his deathbed and a French fiancée due to arrive any day. Now, he will marry his brothers betrothed and take on the responsibilities of the heir but his French bride is not going to make it an easy job. Sparks fly between the haughty beauty and the seasoned warrior as a battle of wills commences with the only possible outcome being the declaration of an endless love.
