

## Claimed by the Captain

When Captain Thomas Edwards returns home after twenty years at sea to take ownership of the White Hart Inn following the death of his father, he has not even reached the edge of the village before he comes across a miscreant stealing apples from a local farmers orchard. Upon discovering that the thief is a young woman named Ellen who has been employed in his fathers inn for years, he considers it his responsibility to bare her bottom and spank her soundly. In addition to working as a servant at the White Hart, Ellen has become known for her skill as an herbalist, and the last thing she needs is a stern sea captain getting in the way of her curing the ailments of her fellow villagers with a potion or tonic when the need arises. But despite her shock at being punished in such a shameful manner for nothing more than stealing a few apples, to Ellens surprise the painful chastisement leaves her aching for Thomas to take her in his arms and make her his. Despite his willingness to spank her bare bottom whenever he feels it necessary, Ellen finds herself falling deeper in love with Thomas with every passing day. But when plague strikes the village and a witch finder is summoned, Thomas forbids Ellen from using her herbs to aid her friends and neighbors. As the situation grows more desperate, will she disobey him and put her skills to use even if it means risking her life, and can he keep her safe if she does?
