

Cowboy Commando (Mills & Boon Intrigue) (Special Ops Texas, Book 1)

Hes got the strength of a commando, but the heart of a cowboy! On navy SEAL missions Cutter had been a warrior. But when it came to Linney, he was just a red-blooded Texas male with bad luck in love. She had walked out on him six years ago. Now she's back and the sole carer for her dead friend's child. Linney's convinced that her friend was murdered, so she's gone on the run. Linney knows that she and the baby will be safe in Cutter's care. Yet trusting him with her heart again is more frightening than the killers stalking her every move
