

The Partition of Africa (Bennett) (Volume 1)

A good girl. A hunky professor. A jealous ex. What could possibly go wrong? Hattie Greene was the typical quiet, nerdy good girl at HKCU...until she wasn't. After a lapse in judgment and one vulnerable night spent with Samson Campbell, Ph.D., she's gone from being teachers' pet to professors' mistress. Caught between her feelings for Samson and the whispers of her conscience, Hattie moves through each day terrified that her mistake will cost her everything, and things aren't looking good. Claire, her nosy roommate, has a built-in scandal detector, and her vindictive ex Cameron would love to bring her down. With her entire future on the line, Hattie must find a way to come out on the other side. *The Partition of Africa* is a coming-of-age tale that features romance, intrigue, and just the right amount of drama. Author Olivia Folmar Ard is a huge fan of *Gossip Girl*, and that shines through in the first book of *The Bennett Series*. Buy your copy to embark on the thrilling, emotional journey today!
