

Deacons Wives 14: StepHis Rape and Recovery

Deacons Wives 14: Single Atlanta woman's faith is tested as she recovers from a rape in her own apartment. Setting: Atlanta, US city in the South with home and work scenes. Audience: 18+: contemporary women of faith, conversations of sexual issues. CAUTION: includes rape scene (minimal violence). Standards pledge: This book has been edited to follow content standards found in many faith-based books on sex and marriage. Reality fiction. Excerpts: Guys might worry about being robbed ... But women live with the knowledge they can lose money AND their right to choose with whom they will share their sexuality. What if men had to worry about tribal women roaming the streets and cutting off an inch of their manhood or ramming a bottle repeatedly into an undignified part of their body? And what if those women were on average a foot taller and 50 to 100 pounds heavier than their male victims? [The] woman whose intimacy has been ravaged by a stranger has a long and difficult struggle to restore her private moments with her man in their bedroom, a struggle that can take years.
