

Cosmic Rendezvous (Kimani Romance)

For Shelly London, relocating to Houston for a top secret space project could rock her world. Until the ambitious aerospace engineer collides with Lincoln Ripley. A hotshot astronaut, Lincoln is sexy, arrogant and a know-it-all, but he launches Shellys hormones right into orbit. Getting lost in space with the gorgeous wannabe astronaut could be the best thing that ever happened to Lincoln's flight path. Just as soon as he finds out who's trying to sabotage their spacecraft. Then Shelly better watch out, because now Lincoln has a double mission: to catch the culprit, then take off with Shelly for a rendezvous with love!
