

Engels & Nederlands Nieuwe Testament: A Parallel English and Dutch New Testament (Dutch Edition)

Dit is een parallele versie van het Nieuwe Testament met de King James Version en de Statenvertaling. Beide versies van het Nieuwe Testament werden vertaald vanuit de Textus Receptus. 1611 KJV & 1637 SVV zijn in het publieke domein. Er zijn tal van kaarten om de tekst te begeleiden en een kaart-index in zowel Engels als Nederlands. This is a parallel version of the New Testament using the King James Version of 1611 and the Statenvertaling of 1637. Both versions of the New Testament were translated from the Textus Receptus and are in the public domain. There are numerous maps to accompany the text and a map index in both English and Dutch.
