

A Road Less Traveled

Destiny hasn't decided what to do with her life after graduation so she considers taking time off before making a choice of what college to attend. She didn't want to make a fatal career choice until she was sure exactly what she wanted to do. She takes on a job that she hopes will help her make the correct choice. Destiny hurries to work thinking about her educational goals and career options so her attention obviously isn't on her driving. Destiny is distracted and suddenly she finds her plans altered. Altered is actually an understatement. What she encounters is an adventure she is sure never to forget.
