

Lost Reaper (The Reaper Series)

For twenty-five year old Tyler Morgan, being murdered was easy. Easy in comparison with working for the Grim Reaper. Jonathon Grimm may have brought her back from the dead in exchange for working as a reaper for her hometown, Easton, but she has to find his lost reaper before she can enjoy her second chance at life. Only the lost reaper isn't actually lost. He has a new body and a new life and no intention of turning himself in, even if it means giving Tyler her life back. He could be anyone the intriguing detective, Sam Lockwood; the handsome, wealthy Chris Bradbury; or the serial killer stalking the women of Easton. Women who bear an uncanny resemblance to Tyler. And what is the ancient secret, kept hidden from mankind, that has motivated Grimm to choose Tyler for such morbid work? As the killer closes in and Grimm's deadline draws closer, Tyler discovers she is fighting a much bigger threat than the Grim Reaper and time is running out for everyone.
