

Goodbye Johnny

This is a short story about two best friends and the loss of innocence, as we all grow-up. Though time and distance was not on their side, these two childhood friends tried to hold on to their bond and keep each other on the right path. One born in the States, the other an immigrant from South East Asia. One from an Americanized, well-off family. The other, from a struggling and yet-to-be acclimated family. As they try to keep their friendship intact, the struggles of life and the temptations of teenage years and young adulthood is often, too much to overcome.
