

Noble Guardian (Fire and Snow)

After watching his older brother win the heart of his mate, Conner White cant wait for his turn. When he finally begins to dream of his mate he is both relieved that he knows who she is and worried as he hasnt been able to get near her since he caught a glimpse of her at his brothers wedding weeks earlier. Tina Anderson is beyond miserable. Her mother abandoned her after a life altering injury that left the vibrant gymnast in a wheelchair. Her father has been forced to leave her to go work off shore. Shes been left in the care of a harsh bitter woman who is only after her father and will do whatever she deems necessary to take her place in his life. No matter the cost. Conner and Tinas road to happiness is filled with twists, turns and pot holes, but are they strong enough to pull each other through it all?
