

A Love for Eternity

Fate has a definite role in everyone's lives none more particular than with Megan McKenna. Her long awaited planned trip to the Highlands of Scotland landed her at Dunbar Castle, a converted Bed & Breakfast. Once there, however, a series of strangely familiar moments, talk of true love, and a mysterious man named Cameron McBain, leads her on an unexpected and danger-filled journey back through time his time, to the 1820s. Was their short time spent together enough to forge a bond of completeness, trust, and true love? Or could the fates have made a grave mistake?
