

The Eden Project provides a guide for the purpose of seeing God's single plan of creation and redemption in the Bible. It is designed and written for pastors and laity, and arises out of Jackson's many years of teaching and re-teaching this story. Standing behind this study is solid scholarship that validates and authenticates the author's approach to Scripture. In our fragmented world, this book will give the serious reader an integrated picture of the God of Scripture and the human family he created and saved through his Son, Jesus Christ. About the Author Bill Jackson, D. Miss., is the founder of Radical Middle Ministries, which has a vision of developing training and education resources for Empowered Evangelicals. He has pastored for thirty-four years and is a well-traveled conference speaker noted for solid biblical content and releasing ministry in the Holy Spirit. He has also traveled extensively teaching a seminar called Nothingsgonnastopit! The Storyline of the Bible, which traces the storyline of the Bible in seven hours. He and his wife, Betsy, live in Corona, CA, and have three grown children: Luc, Megan, and John.
