

Anna, a hard-working businesswoman, wasn't looking for love when a car accident introduced her to Bobby. He was all she wanted in a man, and most men would have bailed out when unimaginable suffering knocked on her door. Instead, it made their love stronger. Unknown to her, God helped arrange the accident to bring them together. After suffering a horrific abduction, nearly starved and beaten to death, together with the help from above, Anna and Bobby create the largest organization of its kind in the world. OUR TURN takes over where local governments fail, corruption rules, and police no longer help. They step in to save people in need and give them a second chance at life. The organization will take any request for help throughout the world, ...but they can respond only in a few cases. If OUR TURN responds to a request, the opposition is destroyed, at the cost of many security members losing their lives to save others. They are limited to whom they can help, because it is funded by donations. Their love encounters many obstacles, but they still find time for one another. Words: 50,024 Strong violence
