

The Solitaire Prince

Its a deadly game for all! Imprisoned in a castle tower with only the lonely game of Solitaire to keep her company, the lovely Princess Christine languishes away. Freedom is only a birthday away, until her wicked father determines that she must marry or die! In this medieval fairy tale with a twist, Princess Christines fairy-godmother, Eloise, encourages the princess to require any prospective husband to either win three games of solitaire or forfeit his head! When two princes, Charles and Peter, try their luck, Christine loses her heart to the wrong prince while her cousin Agnes falls in love with the winner! How this medieval tale of chance will end up is anyones call, but one things for certain; King Henry and his kingdom will never be the same!
