

Dating and finding love gradually becomes more and more complicated with the pressures imposed on us by the modern social conditioning, celebrity mags and TV shows with fake couples and fake relationships. So how do you become a perfect girlfriend in real life? How do you become the one for whom the Mr. Right gets down on one knee and ‘pops the question’? Just the word ‘perfect makes us cringe, it seems such a subjective question, can there really be a perfect girlfriend? The answer is a resounding yes and you will find it on the pages of this book! You might be surprised to know recent studies showed that within the ranks of important qualities in a girlfriend, appearance wasnt on the top of the list of the qualities men look for in long-term relationships. In fact it was quite a ways down from traits that can be learned, practiced or taught! These are qualities that go far deeper than the perfect liquid line, or killer boobs; items on the list included, playful, funny, supportive, confident, driven and adventurous. These are qualities that go beyond weight, cup size and measurements, but deal with the heart of the relationship, and the actions and emotional transactions that make or break the relationship. While the initial attraction of a pair of perfect double Ds is obviously there, if there is nothing more, no intelligence, drive, sense of humor, confidence or passion the majority of relationships will simply fizzle out once the newness and excitement wears off. So, while taking care of yourself and looking your best is important, working on your independence, intelligence and sense of humor are essential if you want to be the girl that men want to be with, not just sleep with. As a modern woman you might feel conflicted as to why you cant just be yourself, and it might be hard to reconcile changing yourself ‘for a man’ with your feminist world view. The reality is that the skills needed to foster a strong, lasting relationship dont only relate to men, or being the perfect girlfriend, these are traits that can serve you well in many aspects of life, including work, friendships and relationships with your family. Here are some of the topics covered in depth in this book:

- Why Cant I Just Be Myself?
- Is It Hard To Accomplish?
- What If I Cant Accomplish All Of These, Or It Takes Me A Too Long?
- Be Smart! The Importance Of Intelligence
- Learn To Laugh! Have A Sense Of Humor
- Complement Him Often And Right
- Let Him Know How He Makes You Feel
- Have His Back
- Be A Sex Goddess
- Take Care Of Yourself Physically
- Get To Know His Friends
- Be Unmaterialistic and Avoid The Diva Act
- Be Aware Of His Efforts

Being the perfect girlfriend is possible, and with a shift in perspective and a little effort you can become the girl that every man wishes was his. The best part is that there is no doubt that you can learn to hone these skills, and in many cases simply being aware of them will set you well on the path to ‘perfect – study this book, make it your ‘Bible’ until you see the things changing around you and new more attractive people appearing in your life. Good luck!
