

Two Red Leaves

Sequel to *The Last of the Summer Tomatoes* After attempting a long-distance relationship, Kyle and Sam realize they don't want to be with anyone else and decide to take the next step. But living together brings more challenges than they had anticipated. After a summer back at the farm, Kyle and Sam move in together while Sam starts an internship in the city and Kyle continues with art school. Farm life left them ill prepared for dealing with each other's idiosyncrasies, but they have no intention of giving up on each other. To succeed, they'll need to learn to compromise, but everything gets more complicated when Kyle's mother unexpectedly leaves her abusive husband and vows to be the mother Kyle has always wanted. When the realities of living as a gay couple settle over them, they're faced with the ultimate test of their commitment. Whether they're ready or not, the moment has arrived when Kyle and Sam must sink or swim.
