

Sitharian Breeder

A Futuristic Space Adventure with steamy, sizzling heat! Middle-aged and overweight, Donnata just wanted to go to space. She accomplished her dreams only to have her husband nearly destroy them. Off course and being bombarded with space debris, Donnata struggles to keep her ship afloat and her husband alive. Boarded by an alien race of lizard-men she has never encountered before, she is deemed perfect for the continuation of their race. Twice abducted, she is proven to give these aliens a run for their money, and teaches them that there is more to life than just propagating their species. This is intended for readers 18+ yr old or older and may offend some, if steamy hot sex offends you, then this book is NOT for you.
