

## The Christmas Bargain

Iris Newgates grandfather left behind many things when he died, not the least of which is a condition in his will that states unless Iris finds someone to marry by Christmas day, she will be forced to take as her husband the most dastardly rake in London. Lord James Whitman is well aware of what others say about him. He has heard his name whispered behind closed doors and learned of his character being maligned without cause. But after his unearned reputation causes Iris to decline his marriage proposal, he is determined to show her the truth and win her love! Without her grandfathers guidance, Iris must decide whether to trust the London gossips or the tune of her own heart. Could she possibly love a man who is as horrid as some say he is? Or should she trust her instincts and what the duke tells her to be true? All Iris knows for sure is that Christmas day grows closer with each passing minute!
