

Small Print Compact Edition The story of Jesus as the writers of the New Testament meant it to be told. Astonishingly unlike the New Testament as it has been handed down to us today, this remarkable new translation makes the story come alive as never before. Impelled by the latest archaeological and historical discoveries, eminent scholar Hugh J. Schonfield has returned the New Testament to its own time and place, relating its documents to contemporary literature, customs and beliefs. The first truly historical translation with no theological motivation or devotional purpose, The Original New Testament rediscovers the force and urgency of the original message. Dr. Schonfield systematically corrects mistakes in translation that have been compounded over time, and eradicates later theological developments that he believes were falsely ascribed to the original writers. Here is a work at once passionate in dedication and scholarly in execution. The fresh and very readable translation of The Original New Testament suggests to both Jews and Christians that they have missed something in the story of Jesus of Nazareth. In a very real sense, it re-emphasises the Jewishness of the New Testament. And to those of both faiths, it offers new opportunities for understanding and applying the Bible's message. Included are full historical and explanatory notes making this a vivid and inspiring translation which will also support the student of bible studies.

T-Girl Love - Church (T-Girl Adventures Book 4), The Manifestation of the Idea (Classic Reprint), Oom Pauls People a Narrative of the British-Boer Troubles in South Africa with a History of the B, The Lords Prayer and The Ten Commandments, OSHA Carpal Tunnel Syndrome Manual and CD, Introductory But Comprehensive OSHA (Occupational Safety and Health) Training for the Managers and ...
