

## His Irish Eve

When the Earl of Greenwall demands his only son, Viscount Stafford, retrieve the viscounts by-blow, everything in ADAM LAWRENCEs life of dissipation changes. Six years prior, Lawrence released his mistress, Cathleen Donnell, from his protection, only to learn in hindsight that Cathleen was with child. Stafford arrives in Cheshire to discover not only a son, but also two daughters, along with a strong-minded woman, who fascinates Stafford from the moment of their first encounter. AOIFE KENNICE, the childrens cousin and caregiver, appears impervious to Staffords masculine charms, as one of Englands most infamous rakes. In truth, Aoife is not immune as she pretends; rather she cannot imagine herself as the object of more than a flirtation on the part of the viscount. On balance, they are worlds apart: Aoife is the daughter of a minor Irish baron and the opposite of her beautiful cousin Cathleen, who possessed all the skills to lure in a handsome viscount. To make matters worst, Aoife maintains the familys sheep farm to support Staffords family. A lady Aoife is not. A battle begins: A fight Adam must win - a fight for the heart of a woman worth knowing, his Irish Eve.
