

## Silver Lake

Rain Anderson can't decide which is more unsettling--encountering the ghost of her missing friend, or reuniting with the man whose love she foolishly rejected. But one thing is certain: the past has come back to haunt her, quite literally. Five years ago, Rain's tight-knit group of high school friends unraveled when one vanished during their senior year. Now, a parent's deathbed request has reunited the friends at Silver Lake, including Jason Lansing, the man Rain discarded. Rain and Jason discover the powerful attraction between them has survived, but though Jason is willing to forgive, he can't let himself forget. The possibility of falling for Rain again is too risky. Slamming doors, crashing objects, flaring fires--clearly the ghost has a message to share. As Rain and Jason struggle to unravel the truth, they must face a desperate spirit in need of help--and a burning passion that refuses to die.
