

The second in the New Thought Bible Series, Dr. Don Welsh's New Thought Exodus continues the spiritual journey giving readers a fresh, new, metaphysical approach to the second book of the Bible. Scripture can be interpreted many ways from historical and literal, to symbolic, poetic and metaphysical (beyond the physical). Using the latter, the hidden messages and inner meanings are revealed from a New Thought perspective. American philosopher, Ernest Holmes, who coined the saying, change your thinking, change your life was Dr. Don's inspiration for this way of looking at sacred scripture. Combining his training as an ordained minister of the Centers for Spiritual Living, with the Unity movement's Metaphysical Bible Dictionary, and Dr. Don's study of related philosophies and studies, provides the basis of this practical and positive translation.
